ABOUT THE FOUNDER

CITALENT Boutique Space was created in 2025 by Celeste Izelaar, an entrepreneur, strategist, and talent manager. Through her agency, CITALENT, she helps creators and creative entrepreneurs elevate their talent and build sustainable, connection-driven businesses for more than a decade.

After stepping away from a traditional office setup in her native country the Netherlands, Celeste embraced the freedom to live and work from Spain. Travel, meditation, and self-inquiry shaped her approach, teaching her the power of a global network and grounding her work in authenticity and clarity.

Whether it's brand building, heart-led entrepreneurship, or personal growth, she is committed to creating transformation that feels deep, human, and true.

CITALENT Boutique Space grew from these same principles — a space designed for people to gather, host, and create in an environment that reflects her values: intentional, welcoming, and rooted in real connection.
